## BIOGRAPHICAL SKETCH

Kenneth Austin MacGillivray, Jr. was born November 27, 1967 in Meridian, Mississippi. He grew up in Virginia Beach, Virginia, and graduated from the University of Virginia in 1989 with a B.A. degree in Chemistry. After completing his teaching internship at Old Dominion University in Norfolk, Virginia, Mr. MacGillivray taught high school chemistry and coached wrestling. He has traveled widely to pursue his twin hobbies of photography and surfing, including a circumnavigation of the world, January - July, 1996. He will begin a doctoral program in chemistry at the University of California at San Diego in September 2002.
