UNIVERSITY

2019 FACULTY SCHOLARSHIP CELEBRATION

Western Carolina University holds a proud tradition of acknowledging and celebrating our faculty's scholarship and artistic works. 2019 marks the 30th year of this celebration and the 32nd year that the Hunter Scholar Award will be presented. This is also the 4th year of recognizing the university's grant writers.

This year we are featuring works from 337 scholars created over the past year. These scholarly works include articles, books and book chapters, poster presentations, works of art and literature, musical performances, presentations and much more. This document is a general representation of faculty scholarship at Western Carolina University and will not be considered in the tenure and promotion process as a comprehensive reflection of faculty accomplishments. Due to the overwhelming number of scholarly works submitted, we have limited our list to five scholarly works for each faculty member.

It is our goal that our academic community will be inspired by the many ways in which WCU's faculty express their creativity and contribute to human knowledge.

Sponsors of the 2019 Faculty Scholarship Recognition Celebration event are the Graduate School and Office of Research, Hunter Library, the Office of Undergraduate Studies, Honors' College, and, Office of the Provost. Many thanks to the members of the Faculty Scholarship Celebration committee: Dr. Brian Kloeppe, Dr. Carol Burton, Dr. Farzaneh Razzaghi, Dr. Jill Granger, Dr. Brandon Schwab, Alison Krauss, Roxane Stiles, Lynley Hardie, Dora Walker, Elizabeth Marcus, and Carol Hicks.
