2021 FACULTY SCHOLARSHIP CELEBRATION

Western Carolina University holds a proud tradition of acknowledging and celebrating our faculty's scholarship and artistic works. 2021 marks the 32nd year of this celebration and the 34th year of the Hunter Scholar Award. This is also the 6th year of recognizing the university's grant writers.

This year we are featuring works of 289 scholars in this bibliography. These scholarly works include articles, books and book chapters, poster presentations, works of art and literature, musical performances, presentations and much more. This document is a general representation of faculty scholarship at Western Carolina University and will not be considered in the tenure and promotion process as a comprehensive reflection of faculty accomplishments. Due to the overwhelming number of scholarly works submitted, we have limited our list to five scholarly works for each faculty member.

It is our goal that our academic community will be inspired by the many ways in which WCU's faculty express their creativity and contribute to human knowledge.

Sponsors of the 2021 Faculty Scholarship Recognition Celebration event are the Graduate School and Office of Research, Hunter Library, the Office of Undergraduate Studies, Honors' College, Office of the Provost, and Office of the Chancellor. Many thanks go to the members of the Faculty Scholarship Celebration committee: Dr. Brian Kloeppe, Dr. Carol Burton, Dr. Farzaneh Razzaghi, Dr. Jill Granger, Dr. Brandon Schwab, Alison Krauss, Roxane Stiles, and Carol Hicks. Many thanks to the Hunter Scholar Award selection committee: Dr. Scott Rader, Dr. Melissa Snyder, Dr. Mark Budden, Dr. Channa de Silva, and Shamella Cromartie, chair of the committee.

Special thanks to Shamella Cromartie, Dr. Beth McDonough, Josh Rakower, and Lucretia Bell for their amazing work on compiling the bibliography of scholars' works.
